Statement of Purpose:

Improving CRPS awareness, one person at a time.

Mission Statement:

- To increase awareness of Complex Regional Pain Syndrome through education and resources provided to the community of Vancouver Island, BC.
- To lobby with appropriate government officials at both a provincial and federal level, with the aim of increasing funds available to patients diagnosed with Complex Regional Pain Syndrome.
- To work with the Health Authority of Vancouver Island to ensure that resources and treatment options are available to people with Complex Regional Pain Syndrome.
- To demonstrate a need for more evidence based treatments of Complex Regional Pain Syndrome to become available in Canada.
- To support and connect the caregivers of patients with Complex Regional Pain Syndrome to resources available for their self-care.
